
CRB (Color Changing Rubber Band) by Menzi magic & Zhao Xinyi

This is a CGI effect that you can do in reality by only using ONE rubber band.

The performer has a red rubber band in his hand. The color of the band will change slowly after the finger crosses the band.

- Only use ONE rubber band to complete the color change
- No angle limitation
- Reset immediately
- No thread or other device
- Multiple routines

What do you get?

- Two gimmicked rubber band
- Five normal red rubber band
- Five normal yellow rubber band
