
All Clear Force Bag (2pk.) by Alan Wong

All clear force bag is a PET plastic paper holder with two compartments.

It is flat and sturdy unlike a soft plastic bag and therefore perfect to be used for any flat items like playing cards and papers. The best part is that you can clearly see all the different choices from the front while hiding the force cards, images, symbols, words, numbers at the back and it looks so fair that it's really not fair.

You get TWO ALL CLEAR FORCE BAGS in each unit with PDF instructions.
