
Gilded Bicycle Sketch - Pokerdeck

The tuck box for the Sketch Bicycle Deck emulates a traditional sketch pad. The spiral rings are visible on the front and back, and the sides graphically feature the individual edges of each sheet. The pencils, eraser and copy treatment on the front complete the sketch pad look in the design.

All of the card graphics, including USPCC's Maiden Back and the standard modern court cards, were completely hand drawn in a sketch style. To finish the sketch vibe, accent shapes/markings and spiral rings are added symmetrically throughout each face card. The Ace of Spade and Jokers feature a wood mannequin hand model. They're often used for drawing and painting reference with artists of all genres.

Please note that gilding may wear off with regular use.
