## **1000 Cranes V3 by Riffle Shuffle - Pokerdeck**

The 1000 Cranes is one of our most fun designs with the back featuring the classic two origami cranes on top of an intricate 3D structure-like design to give you a deck that's fun to look at!

The **1000 Cranes V3** keeps the original design of its predecessor while embodying a vibrant yellow on the back with two snowy-white cranes that are symmetrical to each other.

When you place 3 decks together, it will showcase the enlarged image of the origami crane across the tuck cases.

The **1000 Cranes V3 Playing Cards** are printed by USPCC with their crushed Bee stock. Limited to 2500 decks.
