***BEKOS IS VERSATILE**

You can perform it to music.

Perform it silently, or with the professional scripts provided... or, create your own custom presentation.

Can be performed solo, or interactive with audience members.

You take a large 24 inch silk handkerchief. Tie a very fair and sturdy knot in the center. Tug on the knot to make sure it's secure... Then, you make a magical gesture, and the knot mysteriously slides right off the end of the silk!! This can be repeated with a hilarious "kicker" finale.
