# **BIGBLINDMEDIA Presents The Darkwave and Lightwave ESP Set by Adam Cooper**

Bigblindmedia presents **Light & Darkwave ESP Bundle by Adam Cooper**  
(BBM389)

**Two ESP Decks that let you divine a card's color, symbol, image AND word in just a GLANCE!**

*"Adam Cooper has succeeded where so many others have failed: he has created a practical and fooling extension to the standard ESP Deck."*

- **Mark Elsdon**

*"This is something every mentalist will want in their case!"*

- **Jamie Daws**

**THE BUNDLE** - Two beautiful, complimentary, custom printed ESP Decks on robust resilient stock packed in a useful carry bag. And hidden away in plain site on the back of each card is a brilliantly camouflaged marking system.

Adam Cooper's gorgeous ESP Decks feature four elements on the face of every card - a COLOR, an ESP symbol, a WORD and an IMAGE.

The Darkwave features eerie, baroque images and words - leaning into the macabre and bizarre.

The Lightwave features brighter, more modern designs - aligning with mindfulness and positivity.

This limited edition BUNDLE provides both decks, allowing you to switch between styles, or even better, combine the decks together. *(Both decks have the same back design, so they can be shuffled together. The LIGHTWAVE Deck back design even features an extra hidden mark that shows you instantly if the card is from the LIGHT or DARK deck. This means you can reveal FIVE things about a selected card, all from a single glance!).*
