## **RAINBOW COINS (MORGAN) by N2G**

The product concept of **Rainbow Coins** is to give creative presentation to classic coin magic.

You show five ancient Chinese coins of different colors. Their colors are one of the rainbow, except the black coin. You let the audience hold these five coins, and the black coin disappears in the hands of the audience and appear wherever you like.

The gimmick of rainbow coins is exquisite and ingenious, which can make magic happen in the hands or pockets of the audience. It also allows you to perform a visual vanishing and transportation effects.

In addition to telling the story of the rainbow with all the coins we provide for you in the box, the gimmick coin can also be used alone to perform other classic coin effects.
