# **ANYTHING by Alen L, Bond Lee & larvel Magic**

Introducing **Anything** by Alen L. and Bond Lee. Produced by MS Magic

**Anything** is the power of changing reality.

Imagine if you could change anything into something else; this is what it would look like. Transformation, production, vanish, prediction; you can achieve all these effects with just one prop.

You can use any small object that fits: a card, coin, key, die, piece of paper and much more. Truly a super visual effect; truly powerful magic.

Reality sometimes is an illusion.

Welcome to the world of **Anything**.
