## **SMOKE PAD LARGE by Wang Ji & Bacon Magic**

The **Smoke Pad** balances size and portability, you can spread a full deck of cards on it. It is suitable for a variety of routines. You can also use it for most close-up magic when you go out to perform.

The frame of the Smoke Pad is hand-polished by high quality wood, with a strong retro texture. The flannelette of the Smoke Pad is made of high quality black flannelette with outstanding hand feeling, and its material density is moderate, will not hinder the smoke.

There are 3 custom smoke output modules (left, center, right) put into the pad (Mini Size only have 1 module), with ATmega high performance processor. By using the remote control, you can make these 3 modules produce smoke separately or at the same time.

These 3 module adopts silent fan, they will be quiet and silent after you turn the pad on, there is just a very small and negligible smoke gas melting sound.

This pad uses rechargeable batteries, can be fully charged in 3-4 hours. It can be used at least 100 times with full power and smoke oil. One smoke-produce (click the remote control button one time) lasts 5 seconds (including 1 second of preheating time).

Each set of products includes: **Smoke Pad**, remote control, charger, supplement smoke oil and instructions.
