
BUBBLE FUNNEL by Agustin Viglione and Mariano Guz

Bubble Funnel is an amazing tool for magicians who wants to do a soap bubble routine in their show.

An upgrade to the classic tube with a delicate aesthetic design, feel the absolute airflow control, increase the bubble size thanks to the special grip system end the angular design.

Don't worry about the soap in your hands with the non-slip handle.

The prop includes all the explanations and a free recipe included.
