
Startling Twist by Paul Gordon

Paul Gordon's **Startling Twist** is a true fooler; especially to fellow magicians who think you're going to do *BackFlip*. **Startling Twist** is very different. So much magic and so many surprises with such a thin packet. Supplied in Bicycle stock and an online video tutorial.

NOTE: Your set might not be Sixes as per the trailer video but the strength of the trick isn't in the values.

"We love your packet tricks and Startling Twist surprised and fooled us. Bravo dear Paul!"
