
Gilded Red Bicycle Index Only - Pokerdeck

A very minimal Bicycle rider back deck with only indices on the faces. No pips, no court characters. This is essentially the exact opposite of our "Faro Edition" Bicycle deck we created a few years ago.

Besides regular card use this is also an ideal deck for magicians to use for sign a card routines or for use as gaff cards.

Artists may use the blank canvas to draw their own designs and still have a playable deck.

This is a limited print run so make sure to grab a few for your favorite uses and collection.

Please note gilding may wear off with regular use.
