
3D Stretch Rubber Plate (5PK) by JL Magic

A basic magic trick but it is so amazing!

A coin magically penetrates through a piece of rubber!

A magician will use a cup with the top covered by a rubber sheet, you can put a coin (quarter) on top of the rubber sheet and has a spectator push down on the coin, with a second the coin falls right through the rubber sheet inside the cup. Immediately, you can hand everything out for examination.

- Very easy to do
- No skills needed
