
Bicycle Hypnosis V2 - Pokerdeck

Hypnosis from Bicycle Playing Cards is traditional playing card deck with standard faces, but the playing card back is specifically designed with the cardist in mind. With a borderless back design and hypnotizing, colorful, seamless graphics, the Hypnosis deck from Bicycle Playing Cards is sure to enhance the flow of flourishes, fans, spreads, and more.

The tuck case of the Hypnosis deck from Bicycle Playing Cards features two eye-catching colors of foil for an ultra-premium look. The card faces are custom-colored and feature a graphic nod to the card back design.

While the Hypnosis card backs are designed for cardists, the faces are standard faces, so the playing cards are perfect for playing favorite card games such as rummy, poker, hearts, and solitaire.

All Bicycle playing cards are made in the USA with Bicycle's classic Air Cushion finish. This gives playing cards a linen-like feel and allows cards to glide smoothly during shuffling, dealing, and flourishing.
