
Wranglers - Pokerdeck - Markiertes Kartenspiel

Travel back to 1874 with the **Bicycle Wranglers Playing Cards**. It is estimated that in the mid-1800s up to 25% of factory-printed decks with back designs were marked. The **Wranglers** are no exception. Unlike the coded systems that would have been used in the 19th century, the **Bicycle Wranglers** have openly-readable marks designed by Phill Smith.
