## Retro Rocket - Pokerdeck

Buckle up for a blast from the past with **Bicycle Retro Rocket Playing Cards!** These cards celebrate a time when space travel was the stuff of dreams - zipping off to worlds unknown to create vast floating cities in the skies. Designed by Douglas Fuchs, the **Retro Rockets** are covered in fully custom artwork. The backs have rockets blasting off from a Martian metropolis, and rockets are featured on the Jokers as well. The court cards are all astronauts, while the number cards feature custom suit pips.

Printed on Penguin's signature elite thin-crushed stock with an air-cushion "magic" finish, these traditionally-cut cards are a dream to handle whether you're playing on Earth or in outer space!

The **Retro Rockets** are printed by the United States Playing Card Company. The cards are printed using vegetable-based inks and starch-based laminates on FSC-certified paper sourced from sustainable forests. This means the cards not only shuffle, fan, and spread perfectly for all of your favorite games & tricks, they're made with the planet in mind!
