## **Craps (Online Instructions) by Mechanic Industries - Pokerdeck - Markiertes Kartenspiel**

Introducing Craps Playing Cards, the latest deck to roll out in the Casino Edition Range. A brand new way to combine familiar gaming and gambling props to create the most amazing magic effects. Features innovative 3D flip-book animation of dice rolling along a Craps table, opening the doors to new card and dice magic combo routines. Riffle through the deck to activate the animation, this also doubles up as a marked deck using our trademark 13 back repeating system.

Black side printing along with a thin black border on the faces give the deck the appearance of a Craps table. This allows you to create seamless looking fans, spreads, dribbles and cascades, enhancing the visual appeal of your flourishes. Printed by Cartamundi on their premium stock with the latest finishing techniques. Craps Playing Cards handle as good as they look, perfect for both magic and flourishing.

### **Dice Jokers for Magic**

7 & 11 numbered dice Joker cards along with a blank facer allow you to bring the dice into the real world in a startling and magical manner. Link them up with regular or loaded dice for unbelievable magic effects!

### **Flattened Dice Gaff**

The awesome new flat dice gaff adds another dimension to your Craps routine, guest contributor Danny Cheng teaches you an amazing trick 'Squished Die' in the free tutorial section. Luiz and Jimmy share their ideas including a version of Red Hot Mamma but with dice! Combine this gaff with other features in the deck to create layered routines.

### **Custom Court Cards**

Like Roulette Playing Cards, our first deck in the Mechanic Casino Edition, the court cards are customised with Craps motifs, such as the dice, rake and cash. Illustrated to blend in with the classic artwork, these really complete the look of the deck while still being instantly recognisable for use in your magic routines.

### **Amazing New Dice Magic!**

Link the deck up with normal or loaded dice for force, prediction and countdown tricks and much more! Yet another layer of magic built into the tuck case flaps is
