
FLICKER COIN V2 (UK 10 Pence) by Rocco

Making a coin vanish is a premise that has stood the test of time. Usually requiring difficult and skillful means, visual coin magic has never been an easy task. That is until now!

From the man who brought you D'Lite, comes a trick that will be flickering in your mind at all times.

Rocco's Flicker Coin will take your coin magic to new heights with almost ZERO SKILL. Imagine being able to duplicate the most impressive retention vanish, the most skillful production at the fingertips, and then repeating it all, like trick photography. Coin magic that is easy and looks so good, you'll fool yourself.
