## ZENEREIGHT by La Servente

A brand new approach to E.S.P cards.

The **ZENEREIGHT** deck was created to make possible all the effects of mentalism that require the use of the five Zener symbols: CIRCLE, PLUS, WAVES, SQUARE and STAR.

With **ZENEREIGHT** you can extend the possibilities thanks to two additional symbols DOT, TRIANGLE and a blank card.

The original back design is marked with a fool proof system that is near impossible to detect but so easy to read!

- Eight powerful mentalism effects, easy to perform
- One bonus effect with the pendulum: strong, emotional and easy to master
- Stylish B&W design for modern and classy performances
- Create your own effects and routines

The cards are standard size (2.5" x 3.5") and are printed on linen quality card stock for the smoothest handling and feel.

You will receive:

- 2x complete sets of face & back ESP cards (8 cards each)
- 2x extra-cards
- 8x gaff cards
- 1x QR card for downloading the instructions (Italian & English) with 8 killer effects (and 1 bonus effect) to bootstrap into ZENEREIGHT deck possibilities right out of the box
