
MAGIKUB 2.0 by Federico Poeymiro

Do you think you have seen everything regarding a Rubik's Cube?

Could you imagine putting the pieces together in just one second? In this second version Mr. Poeymiro went a great step forward developing a revolutionary gimmick where you can give the cube to the public to be revise.

With **MAGIKUB**, you can do exactly that - solve the puzzle in one second! In the blink of an eye, each side is a different solid color! Impossible! A great quality magical effect that will leave your audience speechless!

Includes a tutorial video with all details and handling.
