# The JLB Marked Deck: World's First Connected Deck - Markiertes Kartenspiel

The **JLB Deck** is a marked deck that comes with connecting technology, exclusive content, a dedicated mobile app & magic tutorials.

Like any other deck in History, The **JLB Deck** is a bunch of regular cards - with a pretty dope design - That's what you might think! You may slip it at a party, have a card game with friends and let people play with it... and no one will notice that YOU'RE CARRYING SO MUCH MORE

## THE TOOL

### 1. Sealed Deck Magic Opener

Start your performance with a brand new sealed box. The **FIRST EFFECT** you'll be able to perform is finding a spectator's chosen card upside down in the sealed box... aka The Brainwave or The Invisible Deck Routine.

Thus, each JLB Deck is sealed with an upside down card inside. You might not know why we did that, but if you know... you know what you don't know... is that in the tutorials provided with the deck, we'll show you 3 slick methods to perform that effect.

### 2. Magic In The Magic

The **JLB Deck** contains 56 cards - with a pretty dope design - We'll spare you the regular 52 cards speech... because that's obvious. The 4 extra cards are not your usual Double Backer and white card. Inside you'll find the fruit of many brain strains.

## THE WEAPON

### 1. The Marking

With a unique marking system, the **JLB Deck** has without any doubt the Most Efficient and Obvious Reading Method for magicians and yet is absolutely invisible for muggles. These cards are thought for Every Kind of Situation a magician may face.

The design of the marking is thought for all magicians. Even if you're **LEFTY!** You can spot the marking at **A YARD AWAY** (0.923m) or 2 yards if you're under 25.

### 2. Zoom Magic Effects

---

JeanLuc Bertrand designed and created 5 exclusive routines Tailor-Made for the new wave of Zoom magicians. We can therefore say that the **JLB Deck** is COVID-friendly.

### 3. Tutorials

Once you'll have the TOOL in your hand and the WEAPON concealed inside... You'll have access the THEORY and the SUBTLETIES to transform your close-up set into an unforgettable magic performance. JeanLuc will share with you his form of magic where the method is not important, only the result matters.

### 4. The JLB App

This app will leave so much room for upgrades, creativity and reputation maker effects... A world wide tool for magicians, from close-up magic to Zoom performance.
