Mr. Monopoly (Gimmicks and online Instructions) by Julio Montoro

Do you want to change a monopoly bill into a real one visually? Now you can!

With this effect you will take a Monopoly bill from your wallet and, in the most visual way you can imagine, you will transform it into a real one. The best part? At this point you can give the real bill to your spectator or pay with it!

The gimmick comes ready to go, and it is fully customizable to any currency in the world. The customization will take you less than 1 min. to do. You will also get extra material for the customization with fake bills of many different currencies, so you don't need to rip any of your bills.

What do you get with it?

- A handcrafted Monopoly gimmick ready to go.
- A normal Monopoly bill.
- Extra material for the customization.
