## **MISMADE BONES by Magic and Trick Defma**

The Funny Silks Collection are silks with unique and exclusive designs of magic and trick, they can be used in different ways and with different props (thumb tip, various kinds of change bags, Z bag, etc.) or without them (like the Card Silk routine).

They are made from a resistant and manageable material which can be compressed for different uses

Includes:

- One silk with skeleton PIECES (14,5" x 11")
- One silk with a POORLY ASSEMBLED skeleton (14,5" x 11")
- One silk with a PERFECTLY ASSEMBLED skeleton (14,5" x 11")
- Link with instructions

A silk with the image of the parts of a funny skeleton is shown.

Then with a magic gesture, show the silk again, but now all the pieces are assembled, but messy! This causes a lot of laughs!

A magic gesture is made again and this time the skeleton is perfectly assembled in the silk!
