
Carat BBS 3-Pack Brick Box Sleeve

CARAT BBS BRICK BOX SLEEVE for custom brick boxes

Do you collect custom brick boxes (standard 4 rows of 3 decks configuration) but find that they are easily torn and damaged? Are you looking for an affordable way to protect and show them off?

Carat Case Creations presents the **Carat BBS Brick Box Sleeve**, an affordable and durable solution for your favorite standard dimension custom brick boxes. As the Carat BBS was meant mainly for display and not regular use, the upward opening flaps were placed on the sides of the sleeve and tuck in underneath to allow for unobstructed views of the top, front and back of the brick box.

The Carat BBS is made of 0.4mm clear, archival safe PET, allowing full viewing of your brick box from all sides while providing good protection against knocks and bumps. It fits most standard dimension custom brick boxes and its low profile allows you to display and store them as you normally would, whether it be on your shelf, in your drawer, in storage boxes or anywhere else.

The Carat HB1A is extremely light, weighing around 53g or 1.9oz and comes flat for easy storage and shipping. Once ready to use, simply peel off the protective film, fold the flaps together and assemble the BBS.

With the Carat BBS, you can proudly display your favorite custom brick boxes without fear of them getting all banged up in an affordable way.
