
Trash & Burn (Red) by Howlin' Jacks - Pokerdeck

Our mission is to make awesome playing-card decks that meet the needs of professionals and collectors alike, and bring something new to the card table.

After the success of our Ristretto Deck Kickstarter, y'all told us they were almost too beautiful to use. This got us mulling....Hmmm... In these tough times, could Jack make a luxe-feel deck that was so affordable you could practice with 'em every day?

Hell, yeah!

People! Introducing the **Trash & Burn** deck! *('cus practice decks get trashed and burnt!)

We've created a reasonably-priced, custom-designed deck, with quality feel and AWESOME artwork!

When times are hard, you gotta have an edge. The **Trash & Burn** court cards feature trash-diving animal royalty, fed up with their habitats being human dumping grounds.

So whether you're Queen 'O The Heap, or a total Trash Panda, these silky cards are perfect for practicing your cardistry moves, folds and gimmicks...over...and over...

Designed for cardistry, magic (and back pockets):

- Standard Poker size
- Fully custom Aces, Jokers, Court cards, and number cards
- A double backer + duplicate 3 Of Diamonds (for magic)
- Thin-crushed stock with air cushion finish
- Printed by Sunwell Packing
- Fulfilled by Wounded Corner (USA) and Gamblers Warehouse (Rest Of The World)
