
DX Chameleon Silk Gimmick by Ryusei Kamiguchi & Tejinaya Magic

With this gimmick, you can make magic tricks that change the color of silk handkerchiefs and magic tricks that appear in large numbers. Unlike the past chameleon gimmicks, the size is large. This gimmick has a capacity of two 45cm silks! In the past, chameleon gimmicks could only use small silk. However, this specially sized gimmick will dynamically change your performance!

The gimmick is soft and easy to handle. The online explanation video of Ryusei is attached.
