# **Tally Ho Circle Back Gaff Pack Blue (6 Cards) by The Hanrahan Gaff Company**

## **Blue Circle Back Tally Ho**

Gaffed cards have long helped magicians easily achieve incredible effects that are typically only possible after years of practicing difficult sleight of hand techniques. With impeccable craftsmanship and attention to detail, Jeremy Hanrahan has handcrafted 3 gaffed cards in this pack, using over a decade of experience.

The Gaff Pack includes gaffed cards that are practical, easy to use, and can hide seamlessly in your regular deck. Perform classic effects without using difficult sleight of hand, or for advanced performers, make the impossible a reality by incorporating these gaffed cards into your sleight of hand routines. The Gaff Pack will elevate your performances and, with its endless possibilities, allow your creativity to flourish.

Please note that this does NOT include explanations of effects. But we are sure you will be creating amazing effects in no time.

## **Shimmed Card**

Professional shimmed card HANDMADE. Use this with your PK effects. Combine this with PK coins for a killer Matrix effect. Use as a replacement card for Lethal Tender. If you really want speed and distance for card throwing, try this card, and wow your audience. It can be given to a spectator and they will never suspect anything suspicious inside. Its uses are limited only by your imagination.

## **Rising Card**

A spectator selects and remembers one card. After the card is returned, the magician makes a magical gesture towards the deck. Mysteriously, the selected card rises by itself from the deck! You can even make the spectator's card rise without touching the cards at all.

This pack also comes with a Hofzinsler card, double backer, red/ blue back and a fan/ circle back. All gimmicks are handmade by Jeremy Hanrahan.
