YUCI Soloist (Conjuring Edition) Playing Cards by TCC

Still maintain high cost performance, **YUCI Soloist** adopted a new design. Listen to the suggestions of many players and modify them many times to get the final product.

Inheriting the previous version of the card box, card surface prediction design.

Smooth as always, moderate thickness, hard paper, but excellent elasticity. If you haven't tried it, be sure to buy it and play it.

Special paper for solid hand feel

Simple black design for cardistry.

In the process of continuous cooperation with consultants and their companies, YUCI used some very front-end digital printing technology. After several adjustments, the ultimate Gray for cardistry was finally born.

Still using frosted brand box, German black core paper. It is smooth and has a fresh hand feeling (the feeling of paper texture)
