Vortex Magic presents **TWISTER** by Danny Weiser

TURN YOUR SHARPIE PEN IN TO A SHAR-PEI DOG!

The COOLEST trick ever devised with a Sharpie Pen. At anytime in your performance you take (or borrow) a Sharpie and instantly twist it in to a balloon animal shaped dog!

This dog has been created especially for this trick and made to Danny's exact measurements and weight making this super easy to perform. If you use a SHARPIE in your act you will WANT TO ADD THIS!

"Now this...This is my kind of magic. TAKE MY MONEY!"

- **Bizzaro**

"I really dig it!! Wish I'd thought of it ..."

- **Matt Johnson**

"The BEST trick EVER with a Sharpie Pen!!!..."

- **Paul Romhany**

Danny's performance : *"People ask me if I make balloon animals. I'm afraid I don't BUT I do something way better."* Danny then takes the Sharpie pen he's been using throughout his show and visibly twists it at his fingertips making it in to a balloon dog. For those really special moments when he really wants to create a lasting impression Danny will leave the dog with the spectator.
