
AMBITIOUS BRICK by Julio Montoro and Gabbo Torres

In 2019, Gabbo Torres, from Puerto Rico shared an idea with his friend Julio Montoro: he wanted to do an ambitious Lego, where a Lego Brick from a different color jumps step by step to the top.

Julio started to think about it, and created an awesome method that has blown away the minds of many magicians. THIS IS ABOUT TO BECOME A MODERN CLASSIC!

Magicians love toy-based magic. Ambitious Lego is a Toy for a magician, with a smart method that will make a smile appear on your face.

Imagine taking a red Lego brick and placing it at the bottom of a pile of 3 blue bricks. Now, step by step, the red brick is going to jump one by one to the top.

With Ambitious Lego you are going to receive a very special set of Lego Bricks ready to perform right out the box, along with a tutorial video that will show you how to perfectly perform this effect.

The wait is over. Your new favorite toy-magic trick is here.
