## **BIGBLINDMEDIA Presents The Birthday Deck by Liam Montier**

**Bigblindmedia presents The Birthday Deck by Liam Montier (BBM323) - The deck that predicts their Birthday! Comes with special Bicycle brand Deck and video download instructions**

Liam Montier's **The Birthday Deck** is a self working miracle which allows you to predict any spectator's Birthday!

No sleight of hand - No preshow - Works with ANY Birthday

People are fascinated by fortune telling and 'readings', and Liam Montier's new release takes that and builds it into a KILLER revelation of a spectators ACTUAL BIRTHDAY!

Meet someone for the first time, with no pre-show, and demonstrate a 'reading' with the cards, using the numbers and month of their birthdate to generate the cards that will reveal their fortune!

Then, as a kicker, you spread the rest of the deck face down across the table - every single card is blue backed... except for the cards the spectator landed on. Those are the ONLY RED CARDS IN THE DECK - and written on the back of them IS THEIR ACTUAL BIRTHDAY!

A dynamite trick in real life, or perform it virtually on ZOOM for your online shows!

**No forces** - the cards will be different each time for the 'readings'!

**No pre-show** - perform the trick in real time to a stranger you've just met!

**No sleight of hand!**

**No rough and smooth** or sticky Stuff!
