
The Magician's Insurance Policy by Paul Gordon

NEW! BARGAIN PRICE.

Back in 1999 I revamped the old M.I.P and gave the old girl a new dress. Well, it's back and even better! It's now a credit card size and in everlasting plastic! ANY card is chosen and the endings are numerous; as taught in the video tutorial. It's a fun effect utilising the properties of the policy number. It was a massive hit twenty years ago and this new-look version is bound to go straight into your repertoire!

You WILL keep this in your wallet and you can do this with ANY deck and no sleight of hand.
