## The Constellation Majestic Playing Card by Deckidea

The **Mystique Purple** version also features a highly detailed design. It is made with purple foiled on top a dark purple card, giving a dark and sophisticated look. It also has embossing to enhance the tactile sensation when holding such box.

There are several openings on this tuck-box revealing part of the deck inside, of which will feature UV invisible ink. UV invisible ink is an invisible ink which only shows up when UV black light is shine onto it.

With all of the special features mentioned above combined, the tuck-box is just gorgeous.
