
Rinbo Monte by Leo Smetsers

Leo Smetsers a superb update to the classic monte routine!

Leo first released **Rinbo Monte** in limited quantities in 2009. Since then it has been a staple in his act (and the acts of the lucky few who managed to grab one at the time)

We are excited to announce that Leo has released another 170 units of this great effect. Not only is it a great Monte effect but it's probably one of the easiest to learn and perform. If you like Monte style effects, then this is for you and if you have always wanted to learn one this is a super easy one to start with.

Rinbo Monte comes with the custom props and full instructions video.

Remember there are only a few available so grab yours today!
