"Genuine innovations in a book test are rarer than a Cheshire cat, and yet Josh Zandman's new Alice Book Test is easy to use and offers surprises that will make you grin from ear to ear!"

- **Brett Barry**

"The best part about performing magic is when it happens completely in the spectator's hands. Alice allows you to read someone's mind under the fairest conditions. Not only are you not fishing for letters or asking any questions, but you are not even touching the book. The spectator holds onto it from start to finish and you still know exactly which word they are thinking of. It's brilliant!"

- **Michael O'Brien**

layers of methods in the new Alice (Zandman) Book Test. This book is POWERFUL enough for a professional stage/parlor performer, yet simple enough for the beginner doing one on one for family and friends!"
