
WAND BOX by Tony Karpinski

The **Karpinski Wand Display Box** is an elegant way to store your magic wand. The finished walnut wood features Tony Karpinski's signature inlay work.

The Wand Display Box holds wands of lengths 12.5-13 inches, and when the lid is opened with the wand inside, the internal mechanism causes the wand to rise out of the box for an impressive display. These display boxes are a perfect match to display the Karpinski Bloodwood Wands (Wand sold separately) and the two as a set make an excellent gift for conventions, presidential awards, or other magical celebrations.
