
WAND by Tony Karpinski

The Karpinski Bloodwood Wand is an elegant addition to any performance. The finished bloodwood gives the wand a distinctive color and the tips are plated with 24 karat gold. These wands measure 13 inches long and weigh approximately 1/4 pound (124 grams).

The wand is designed to fit into the Karpinski Wand Display Box (sold separately). The display case holds wands 12.5 -13 inches and the two as a set make an excellent gift for conventions, presidential awards, or other magical celebrations.

Included in the package is one Karpinski Bloodwood Wand with 24 karat gold plated tips.
