
Juan Tamariz MASTER CLASS Vol. 2 - DVD

Dani DaOrtiz and Juan Tamariz come together once again, to create a novel work with exclusive and very interesting content for all lovers of magic.

Even in the midst of a pandemic, Juan and Dani have decided to create something original for the community. They are very excited to share their thoughts and this material. Please bear in mind that although the pandemic has affected some of the moments in the recording such as Juan Tamariz wearing a mask, filming in the home of each of the artists, and of course without a large technical team. However, it is still HD quality with multi camera angles.

And, the magic is just as extraordinary. Welcome to their homes and their hearts.

Welcome to a **MASTERCLASS** in magic.

JUAN TAMARIZ

Juan offers us three very important MasterClasses for every artist, and no one better than him, from his experience and wisdom, to tell us about:

Juan Tamariz MASTER CLASS Volume 2:

Verbal Magic. The magic of words. To carry out by radio, through video calls ... or live! Simply by following Juan's instructions, you can feel the magic in your own hands.

Juan Tamariz MASTER CLASS Volume 4:

Five Magic Points. Very important Masterclass, in which Juan, through many practical and theoretical examples, shows us the importance of hands, feet, eyes, body and voice, in order to communicate with the audience.

Juan Tamariz MASTER CLASS Volume 6:

Magic and Comedy. Another very interesting Mclass, where through theory and practice (with explanation of effects), Juan teaches us the handling of comedy in combination with magic.
