## **TBC Box 2 by Luca Volpe, Paul McCaig and Alan Wong**

After two years of development Luca Volpe, Paul McCaig and Alan Wong are proud to introduce a new advanced version of our Mentalist tool which has been an underground secret weapon of professional Mentalists for more than 10 years now: **THE TBC BOX 2.0**

Over the past decade many of the world's' top performers have been using the original version of the TBC Box in their live and televised shows and now it is your turn to finally get your hands on this new and improved version which you will treasure and use for the rest of your life!

The **TBC Box 2.0** has many features that no other switch box has:

1. Looks like an innocent 'Ikea' style box, something that most people are already familiar with.
2. It is the first switch box that you can assemble right in front of the audience, fully loaded and instantly reset. (It can even hold a full deck of playing cards!)
3. The first switch box on the market that can switch back to the original billets (normally with the classic boxes once the billets are switched you can't switch back)
4. The box is made from high quality materials and is virtually indestructible under repeated normal use.
5. Has a magnetic flap with an identical zipper, so when in the down position it looks like nothing has taken place...the perfect illusion!
6. Extremely lightweight, portable and practical, at only 110 grams it packs super flat and plays huge in any performing situation (parlor, close up and stage and even online!)

Other info:

Measures 14cm x 14cm x 14cm when assembled

Folds down flat to just 14.5cm x 26.5cm x 1.5cm

Chrome plated metal zippers
