## **Making Room for Jesus by Ickle Pickle**

One of the plainest, most powerful, Gospel object lessons you will ever see.

EASY to perform, IMPOSSIBLE to forget!

A tube representing one day of life is filled with sand (man's works) and no room is left for Prayer, Bible Reading, and Worship (represented by 3 large rubber balls). The sand is emptied to start the day again. This time the balls are placed in first making a priority of our relationship with God, the sand added afterward... EVERYTHING FITS and now God is in the "middle" of all of it!

**MUST SEE!**

*"You can hardly believe the impact this makes on the audience. The response is generally expressed audibly, even with applause, as this spiritual truth is made so plain. I can hardly believe the reaction in the crowd as you see their faces the moment it 'clicks'."*

**- D.J. Edwards**

**YOU RECEIVE:**

- The decorative tube on our low profile hand-spun aluminum base
- Three plastic (or rubber) balls
- All the sand you need to fill your "day"

**NOTE: YOU MUST SUPPLY A DISH TO POUR THE SAND FROM**
