## **Pandora's Box by Marcos Cruz**

An extremely simple, yet incredibly powerful utility switching device that all magicians can benefit from.

Show the box completely empty, close it and automatically your audience will be very surprised to see a real pizza appear.

You can use it to make objects travel. Watch the demo video to see it in action.

**Pandora's Box** is incredibly easy to make and comes ready to use right out of the box.

In the instructional video he shows you more options for its use and recommendation.

Measurement: 23.00cm x 21.40cm x 5.00cm.
