
DOVE BOOK by 7 MAGIC

The dove is a symbolic animal for magic. Magicians love performing magic tricks with doves.

There are many ways to make doves appear and disappear in magic.

But the way I am about to present you is one of the best and most impressive.

This is the appearance of a pigeon from an egg... drawn on the paper.

The egg will grow, hatch into a baby pigeon, the dove grows up... in the picture, then transform into a real dove and fly out onto the stage.

- The product quality is durable over time
- Great and impressive animation design
- Surprising effects for the audience
- Color is suitable for all costumes for stage performances

A magic trick that I highly recommend you own if you're a magician performing on stage.
