
Mr. P / Magic Restored Potato (Standard/Pirate) by Magic and Trick by Defma

A fun and different version of restoration trick that can be presented in various ways.

An image of an empty Potato Head with no parts or face is shown.

Various parts of the toy are shown: hats, eyes, noses and mouths.

In a selection process you are left with 4 parts chosen by the spectators and with a magic gesture, the image without a face is transformed and now it has all the parts printed!

There are two endings included depending on the selection:

- Magician's hat
- Pirate hat

Includes:

- 2 gimmicked images
- 24 pieces of the parts
- 6 complete images (3 of each result)
