## **Serpent tie (Black) by Juan Pablo**

**Serpent Tie** is a professional routine that can be performed on parlor, close-up, or stage. It's perfect for musical routines too.

It allows you to perform several visual effects.

Pack small and plays big! You can actually use it as your show tie.

And if you don't wear a tie, you can introduce yourself as a "snake tie charmer" taking it out of a pocket to start the routine.
