
Rice Silk 12" x 18" (American Flag) by Silk King Studios

Rice's Silk American Flags

Realizing that the commercial type of silk American flag is too heavy for magical purposes, Rice produced his flags on magicians' silk. Silk King Studios flags are much finer, compress into less space, and are ideal for all magical purposes. As is customary in the flag industry, sizes quoted are before hemming.

Rice silk flags compress into the same space as solid colored silks of corresponding size and are the best flags for magical use!

Size 12" x 18"
