
Bullet Three Shell Game by Leo Smetsers

When you watch Leo perform the 3 shell game it's like watching a gunslinger draw with frightening precision and speed.

The 3 shell game is one of the world's best magic effects and scam demonstrations and Leo's exclusive and original designs coupled with his personal technique make his 3 shell game one of the finest on the market today.

Leo's latest design has a thinner wall to make the moves even easier to perform and now come in the custom manufactured Bullet Case.

The Bullet case serves two purposes. The first to securely house your 3 shell game and secondly the tip of the bullet acts as the shell cover for the final phase.
