
Quackington by by fig.23 - Pokerdeck

"**Clockwork: Quackington Playing Cards**" is the third deck in the animated flip-book "Clockwork" series by fig. 23 Playing Cards.

It is presented in a visual style of a children's book, simple with a palette dominated by primary colors, and features a British town full of yellow rubber duckies!

Famous people from British history are depicted as duckies to represent the royals of the deck, such as King Arthur, both Queen Elizabeths, Jane Austen and Shakespeare. With the deck in its original order it doubles as a flip-book, showing arcade-style duckies swimming within a clockwork setting.
