
Flower Pot V2 to Blendo (Thank You) by JL Magic

Flower Pot V2 to Blendo (Thank you) is a fun finale...or a great applause que for your stage show.

The magician shows a beautiful bunch of big, colorful flowers in a pot.

Instantly the magician transforms the flowers into a large, full-sized banner that says, "thank you".

Additional kicker:

Banner can be shown on BOTH sides, proving the flowers have completely disappeared.

- Easy to do
- Very visual
- High quality materials
- Great for stage shows
