## **SWISH by CardCutz - Pokerdeck**

**SWISH Playing Cards** by CardCutz takes a modern approach to playing card design, striking a balance between streetwear, typography and design trends, all to bring a modern aesthetic to your cardistry. The unique face cards with small accents and drawings reinforce the name SWISH, meaning movement and efficiency, which extenuates your card moves. The 'block' typography seen on the Jokers and Ace cards further join the gap between modern design trends and playing card design, and make your card moves look that much better with a flash of uniqueness.

Designed for the modern cardist, a vibrant back design featuring the lines and accents reinforce what is seen on the face cards along with a coloured pip on every card make your flourishes stand out!

**Limited edition of 2,500 decks.**

**Printed by the U.S Playing Card Company on a thin crushed stock, optimal for cardistry.**
