
LAPTOP PRODUCTION by JL Magic

Most of us know how valuable computers can be. But what if your laptop could actually make physical items appear?

Introducing the **Laptop Production** by JL Magic.

This creative effect takes your magic act into the modern age.

1. Open a thin laptop and show your spectator's the screen and keyboard.
2. Turn it around to begin working
3. Make soda, cups and so much more appear instantly!

Produce a variety of items in a modern way!

- Easy to carry
- Versatile (produce a variety of items)
- Visual
- Impactful
- Easy to do

Note: includes **Laptop Production** itself, not the items produced .
